Charity No. 1172162

## Meet Jimmy

Jimmy was found in a shoebox beside a bin in Endcliffe Park, just a week old and already missing a leg.

He needed round-the-clock care: 2-hourly feeds, antibiotics, and lots of monitoring.

Jimmy battled through, grew into a healthy young cat, and was adopted into a loving family.

Your support helps cats like Jimmy get the second chance they deserve.

## How can the employer get involved?

**Charity of the year** – partner with us and let's create activities and opportunities for staff to get involved with.

**Sponsor a day** – it costs £1,000 per day to keep the charity running. Sponsor a day or even a week and we will update you throughout the day on how your money is being spent. This will be shared on social media with your logo and tag.

**Sponsorship of events** – we can provide sponsorship opportunities to show your support and elevate your brand.

**Pro bono work** – do you have a professional skill or resource that can help us?

## How can the employee get involved?

### Volunteering days

We can offer volunteer days at our shops or helping out at the shelter. You will spend a day with our dedicated teams and help us to care for our cats, keep our shops functioning, or help us fundraise.

### Sign up to an event

We can offer bungee jumps, skydives, marathons, hikes and so much more. Take part with your team or fly solo. Events are a great way to support our work.

### Sign up to the lottery

We have a brilliant weekly lottery where you could win up to £10,000, plus lots of smaller prizes every week. Supporting us couldn't be easier.

### Become a sponsor

When you sponsor, you're not just helping cats survive, you're helping them thrive. You'll be part of their journey from frightened and uncertain to happy, healthy, and ready for their forever home. Sponsorship starts from as little as £5 per month.

Plus much more. Get in touch today to discuss how we could work together.
